

MOD 3

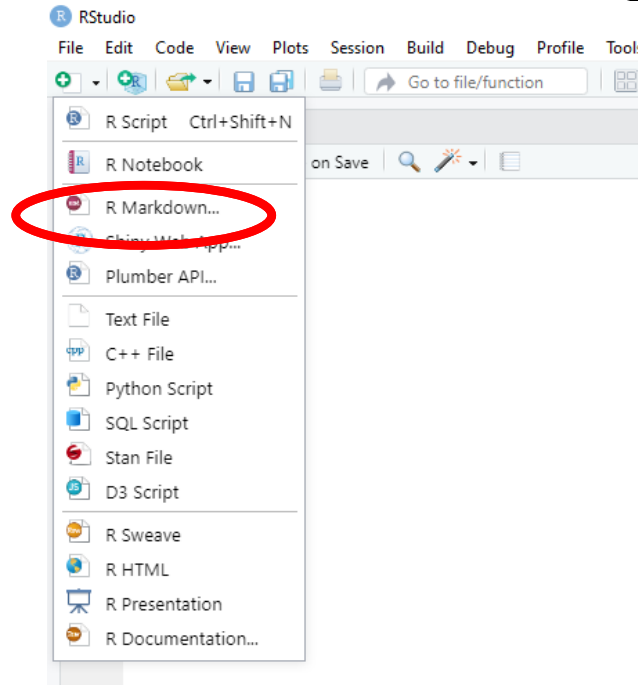

R MARKDOWN – INSTALLATION GUIDE

STEP 1

- Open R-Studio
- Try to open a Markdown using the button

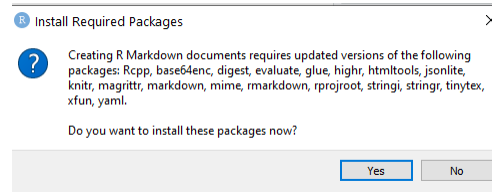

STEP 2

- Window will open with required packages

- Press “Yes” and run the installations
- In case no Window is opening
→ be happy, you are finished 😊

STEP 3

- Re-try to open a Markdown (see Step 1)
- If working → be happy, you are finished 😊
- If not working please update your R version (not only R-Studio) and start with Step 1

SEE YOU IN COURSE!
